*Advert damage

Please note that there are currently no Costessey Park & Ride branded buses. KonectBus have sold the buses that were in the Costessey livery and are still considering which buses to paint into the Costessey Park & Ride livery.

Rear Adverts

Some buses have been selected to wear rear adverts for Norwich Park & Ride. The most noticeable feature on these adverts is the short catchphrase for example 'Ding Dong!' or 'Blimey!'

Norse 7166 and KonectBus 602 both have rear adverts that have been half-removed. Norse have informed me that they will by repairing the advert on 7166 ASAP and I would assume Konect will do the same for 602.
